

SonicWebTech Work Description for Business Basic - Shopping Cart Install Package

This work description from SonicSpider LLC's SonicWebTech Program is bound by the *Terms of Service Agreement* as posted on SonicSpider's web site (<http://www.esonicspider.com>) and the "*General Terms of Service*" published with this description. Both documents may be modified without notice.

Extra time can be purchased online as needed in the Technical Programming section.

Service Work Description:

1. Fifteen minute phone review to determine the following:
 1. Hosting Service FTP or File Manager Access*
 2. Hosting Service PHP and Database specifications.
 3. Database access and configuration settings
 4. Review of logo and color scheme requirements
 1. Logo is supplied by CLIENT and placed "as-is".
 2. Color scheme does not include graphic images for buttons, backgrounds or other areas.
 3. Sample images that CLIENT wants to replace will be sent to you. You must do the following:
 1. Create a replacement image
 2. Size that image to the exact same dimensions
 3. Name the file the EXACT same name and extension.
 4. Return the images to us for upload.
2. Gather remaining configuration information via the Dev Center for the shopping cart to be deployed.
3. Installation of Cart
4. Configuration of Cart
 1. Document URLs, users and passwords for management
 2. Test general operation
 3. Component Configuration – Limit of 2 components
 1. Free components will be installed and configured.
 2. Paid components must be purchased by CLIENT We will then install and configure.
5. Apply logo and color scheme to CSS **
 1. Replacement if any images***
6. Configuration of payment gateway****
7. Run test purchase to confirm operation.
8. ONE hour phone or email tech support (minimum of 15 minute increments)

*Hosting service must support shopping cart requirements without additional work, configuration, or communications with service. Such extra services will require additional costs.

**All artwork applied will be supplied by CLIENT and used "AS IS". It will be assumed that provided artwork is the FINAL version. Changes or additional updates will be extra.

***All replacement images will be supplied by CLIENT, and must be the EXACT same dimensions, file name and extension.

***Payment Gateway must be supported by the shopping cart without additional installation of modules. Extra installations will be extra. Any costs for extra modules will be purchased by CLIENT.

Service Deliverables:

1. Document that covers required URLs, and login settings
2. Fifteen minute tour to confirm basic operation and applied logo, images, and styles.
3. One hour phone or email technical support (15 minute increments)

Cost: \$595.00 - pre-paid
